**Motivated French engineering student seeking a 3 month
work placement as assistant engineer.**

EDUCATION

- 2002/2003** Student in the engineering school: **l'Ecole des Mines d'Albi-Carmaux** in Albi. This school is a high-level multi-disciplinary school specialised in process engineering.
I expect to pass the IELTS (International English Language testing System, University of Cambridge and Sydney) in April 2003.
- 2000** Passed the highly competitive entrance exam to the **Ecole des Mines d'Albi Carmaux**.
- June 1999** Passed the Baccalaureat (french university level entry examination) option Sciences with speciality Physics and chemistry.

TRAINING

- February 2002** Work placement as an packaging operator in Fomageries des Chaumes in Pau, which led to a written report about the quality in food industry.
- February 2001** Work placement as an conditioning operator in BOIRON Laboratories in Ivry sur Seine (France), which led to a written report about the organisation of the working week.
- 2001** Research document about the moulding of chocolate. Wrote a technical report and an oral presentation in front of a jury.
Oral technical presentation in English about the manufacture of homeopathy granules.

GENERAL WORK EXPERIENCE

- 2002, 2000, 1999** Worked as a camp organizer for 3 weeks in summer, one in skiing for Ministère de l'Équipement français.
- 2002,2001** Private tuition of mathematics and physical at high school level in Albi.
- 1997** Teleprospecting for Eureka in Sèvres.
